The diagram illustrates the dependencies of a C++ test file. A central box at the top lists the file path and flags: `build/_deps/googletest`, `-src/googletest/test/googletest`, and `-catch-exceptions-test_.cc`. Three blue arrows point from this box to three separate boxes below it, representing the headers it depends on: `stdio.h`, `stdlib.h`, and `gtest/gtest.h`.
